

**Investigator(s):**

Stephen J. Reynolds, Assistant Professor, Department of Preventive Medicine and Environmental Health; Peter S. Thorne, Assistant Professor; Department of Preventive Medicine and Environmental Health; William Pependorf, Professor; Department of Preventive Medicine and Environmental Health; Mustafa Selim, Assistant Professor, Department of Preventive Medicine and Environmental Health

**Project Title:**

Investigation of Vapor/Particulate Phase Distribution of Ammonia in Enclosed Livestock Buildings

**Year Funded:**

1992

**Amount Received:**

\$10,000

---

**Investigator(s):**

Bradley N. Doebbeling, Assistant Professor, Department of Internal Medicine

**Project Title:**

Evaluation of Health Care Worker Compliance with Hepatitis B Vaccination Following OSHA's Mandate

**Year Funded:**

1992

**Amount Received:**

\$10,000

---

**Investigator(s):**

Thomas B. Casale, Associate Professor, Department of Internal Medicine

**Project Title:**

Cytokine-Induced Neutrophil and Eosinophil Migration in Environmentally-Induced Lung Disease

**Year Funded:**

1992

**Amount Received:**

\$10,000

---

**Investigator(s):**

Howard R. Knapp, Associate Professor, Department of Internal Medicine

**Project Title:**

Fatty Acid Epoxides and Environmentally-Induced Lung Disorders

**Year Funded:**

1992

**Amount Received:**

\$10,000

---

**Investigator(s):**

Thomas J. Gross, Assistant Professor, Department of Internal Medicine; Michael W. Peterson, Associate Professor, Department of Internal Medicine

**Project Title:**

Effects of Asbestos on Gene Expression in Human Pulmonary Epithelial Cells

**Year Funded:**

1992

**Amount Received:**

\$10,000

---

**Investigator(s):**

Stephen J. Reynolds, Assistant Professor, Department of Preventive Medicine and Environmental Health; Peter S. Thorne, Associate Professor; Department of Preventive Medicine and Environmental Health; Donald Milton, Assistant Professor, Harvard University

**Project Title:**

Endotoxin Assays and Correlates in Agricultural Environments

**Year Funded:**

1992

**Amount Received:**

\$10,000

---

**Investigator(s):**

John I. Gotchall, Fellow Associate, Department of Internal Medicine; David A. Schwartz, Associate Professor, Department of Internal Medicine; Peter S. Thorne, Associate Professor; Department of Preventive Medicine and Environmental Health; Pope L. Moseley, Associate Professor, Department of Internal Medicine

**Project Title:**

Heat Shock Protein Response to Inhaled Endotoxin

**Year Funded:**

1992

**Amount Received:**

\$10,000

---

**Investigator(s):**

Burton C. Kross, Associate Professor, Department of Preventive Medicine and Environmental Health;  
Timothy A. Breon, PhD Candidate, Department of Preventive Medicine and Environmental Health

**Project Title:**

Pesticide Exposure Assessment Among Agricultural Workers - An Application Approach

**Year Funded:**

1992

**Amount Received:**

\$10,000

---

**Investigator(s):**

Jeffrey Kern, Associate Professor, Department of Internal Medicine

**Project Title:**

Clinical Epidemiology of p185HER2 Expression in Stage I and II Lung Cancer

**Year Funded:**

1992

**Amount Received:**

\$10,000
