

**Investigator(s):**

Kevin Doerschug, Assistant Professor, Department of Internal Medicine

**Project Title:**

Oxidative stress and injury in exertion-associated environmental exposure

**Year Funded:**

2005

**Amount Received:**

\$20,000

---

**Investigator(s):**

Jonathan A. Doorn, Assistant Professor, College of Pharmacy

**Project Title:**

Reactivity of Protein Nucleophiles toward an Aldehyde Intermediate of Dopamine Metabolism

**Year Funded:**

2005

**Amount Received:**

\$20,000

---

**Investigator(s):**

Suzana Hađina, Department of Occupational and Environmental Health; Peter S. Thorne, Professor, Department of Occupational and Environmental Health; Paul B. McCray, Professor, Department of Pediatrics; Jerrold P. Weiss, Professor, Department of Internal Medicine; Katarina Kulhankova, Graduate Research Assistant, Department of Occupational and Environmental Health

**Project Title:**

The Role of MD-2 in Endotoxin Responsiveness in vivo

**Year Funded:**

2005

**Amount Received:**

\$20,000
